

The most professional supplier for Disinfectant Sanitizing Fogger Machine

Items details web: <https://www.smartclima.com/air-duct-sanitizing-fogger-machine.htm>

Model	Photo	Description&Function	Power	Power Wire	Tank Capacity	Other Features
Model Z		Disinfectant fog atomizing sprayer --ULV (Cold) fogger Type: Hand carrying	Battery driving	Cordless	2.5L	Battery Spray flow: 150-260ml/min (continuously adjustable) Spray distance: 5-7meter distance; Fog droplet: 0-125µm Medicine tank capacity: 2.5 liters
Model A1		Disinfectant fog atomizing sprayer --ULV (Cold) fogger Type: Hand carrying	City Power 220V OR 110V	Corded with wire	4.5L	Maximum power: 1200W ; Spray flow: 150-260ml / min; Spray distance: 5-8meter distance; Fog droplet: 0-30µm (continuously adjustable); Type: Hand-carry; Package size: 45x39x23cm; Net weight: 3.7kgs.
Model A2		Disinfectant fog atomizing sprayer --ULV (Cold) fogger Type: Hand or Should carrying	City Power 220V (110V can be customized if order >100units)	Corded with wire	7L	Maximum power: 1400W ; Spray flow: 300-600ml / min; Fog droplet: 10-125µm Spray distance: 6-8meter Type: Shoulder belt & carry by hand; Net weight: 3.9kgs.

Model B		<p>Disinfectant fog atomizing sprayer --ULV (Cold) fogger</p> <p>Type: Backpack</p>	<p>City Power 220V (110V can be customized if order >100units)</p>	Corded with wire	18L	<p>Maximum power: 1800W ; Spray flow: 300-600ml / min; Fog droplet: 10-125µm Spray distance: 6-8meter Type: Backpack; Net weight: 4.2kgs.</p>
Model C		<p>Disinfectant fog atomizing sprayer --ULV (Cold) fogger</p> <p>Type: Backpack</p>	<p>City Power 220V OR 110V</p>	Corded with wire	12L	<p>Power: 1200W/h Grain diameter: 0-50 microns Spraying distance: 5-7meters Spray flow: 0-750ml / min; Type: Backpack; Package size: 43*23*47cm N.W: 4.5Kgs</p>
Model D1		<p>Disinfectant Cordless Electrostatic mist atomizing sprayer</p> <p>Type: Backpack</p>	Battery driving	Cordless	16L	<p>Pressure: 0.15-0.4Mpa; Spray flow: 265ml /min; Fog droplet ≤120µm; 110V-240V (For recharging) 360° electrostatic attraction Disinfectant saving: 90%; Water saving: 90% Effience improving: 500%</p>
Model D2		<p>Disinfectant Cordless Electrostatic fog atomizing sprayer --ULV (Cold) fogger</p> <p>Type: Backpack</p>	Battery driving	Cordless	16L	<p>Pressure: 0.15-0.4Mpa; Triplex nozzle; Ultra-micro-atomization mist; Fog droplet ≤40µm; Spray flow: 265ml /min; Spraying distance: 5-7meters 110V-240V (For recharging) 360° electrostatic attraction Disinfectant saving: 90%; Water saving: 90% Effience improving: 500%</p>

Model E	 <p>Cordless Disinfectant Mist Blower Fogger Atomizer</p>	Disinfectant fog atomizing sprayer --ULV (Cold) fogger Type: Backpack	Fuel driving	Cordless	20L	[tank capacity] 20L [Package size] 67x33x41cm Cordless. Disinfectant ultra-micro-atomization. Driven by 25:1 fuel
Model F		Disinfectant fog atomizing sprayer --ULV (Cold) fogger Type: Backpack	Fuel driving	Cordless	26L	Disinfectant tank capacity 26L Spraying distance: >12m; Displacement: 41.5cc; Fuel consumption (g/KW.h): 530 ; Mixed Fuel Ratia: 25: 1 Net weight 12kgs.
Model G	 <p>Fuel Tank Water tank Medicine tank Valve switch for tank Handle</p>	Disinfectant fog atomizing sprayer --Thermal fogger Type: Backpack	Fuel driving	Cordless	12L	Disinfectant tank capacity 12L Fuel: Regular or above ((Plus or Premium) clean gasoline Battery voltage: 12V Net weight 10kg
